Education

o **Kasireddy Narayanreddy college, Hyderabad, India**	Nov 2022 – Nov2026
Bachelor of Technology - Computer Science and Engineering	**CGPA:**7.65
o **Sri Chaitanya junior college, Hyderabad**	2022
Higher Secondary Certificate (HSC) in Physics, Chemistry, Mathematics	**CGPA:**79.8
o **Geetha High School, Medak**	2020
Secondary School Certificate (SSC)	**CGPA:**10.0

Projects

1.*Instance retrieval using salient object detection for self service shopping (machine learning)*

Correctly Enhanced product recognition and retrieval accuracy by implementing deep learning techniques for real-time object localization and identification.

Keywords: Image retrieval, Salient object detection, deep learning, online shopping

2.Random Password Generator

Developed a secure and efficient random password generator using [Programming Language, e.g., Python, JavaScript]. The tool generates strong, unique passwords, ensuring a mix of uppercase, lowercase, numbers, and special characters to enhance security.

Keywords: python, java Script, HTML,CSS

Technical Skills

- o **Programming Languages**: Java, Python
- o **Web development**: HTML, CSS
- o **Interests**: web Development, Artificial Intelligence, Machine Learning

Experience

- **SIMPLE LIKE THIS**
  Front end developer with 3 months experience

Certificates

- Core python.
- Digital ion 101
